

Internal Tools Review

Safe by Design

A clear look at how our standalone HTML apps work — and why they are safe for everyday use in our work environment.

Prepared for Management Review · 2025

WHAT ARE THESE APPS?

Standalone HTML Files

Self-contained tools that live entirely on your
computer.

```
<svg width="32" height="32" viewBox="0 0 24 24"  
fill="none" stroke="#0071e3" stroke-width="1.5">  
  <path d="M13 2H6a2 2 0 0 0 -2 2v16a2 2 0 0 0 2  
2h12a2 2 0 0 0 2 -2V9z"/><polyline points="13 2 13
```

No Connection. Ever.

These apps cannot send, receive, or transmit data.

```
<svg width="20" height="20" viewBox="0 0 24 24"
fill="none" stroke="#34c759" stroke-width="2">
  <path d="M22 11.08V12a10 10 0 1 1-5.93-9.14"/>
  <polyline points="22 4 12 14.01 9 11.01"/></svg>
```

No Internet Calls

The app makes zero network requests. There is no

Built with Care

Reviewed, purposeful, and easy to inspect.

Transparent Code

HTML files are plain text. Any IT staff member can open the file in a text editor and read every line of code. There are no hidden executables, compiled binaries, or obfuscated logic.

No Dependencies to Manage

No npm packages, no third-party libraries pulled

SAFE IN PRACTICE

Using the Apps Safely

Simple habits that keep our work protected.

1

Open from a trusted location. Save the file to your desktop or a team shared drive. Open with any standard browser.

2

No login required. These apps don't ask for credentials or personal information. They're tools,

```
<path d="M22 11.08V12a10 10 0 1 1-5.93-9.14"/>  
<polyline points="22 4 12 14.01 9 11.01"/></svg> No  
network connections — ever
```

```
<svg width="18" height="18" viewBox="0 0 24 24"  
fill="none" stroke="#34c759" stroke-width="2.2">  
  <path d="M22 11.08V12a10 10 0 1 1-5.93-9.14"/>  
<polyline points="22 4 12 14.01 9 11.01"/></svg> No  
data transmitted or stored externally
```

```
